

# SW-399

# HIGH FLOW ENGINE CLEANER

**DEEP PENETRATING / FAST ACTING  
REMOVES GREASE AND GRIME  
RINSE OFF WITH WATER  
FOR USE ON CARS, TRUCKS, POWER MOWERS, RVS, ATVS, BIKES,  
FARM EQUIPMENT, AND TRACTORS.**

**DIRECTIONS:** Completely cover the distributor, carburetor, all electronic components and wiring and air intake systems. Double-check to make sure all exposed electrical conductors are covered to prevent short-circuiting. Make sure the engine is completely dry. Point the spray nozzle in the direction of the engine. Depress the spray button and spray the degreaser liberally over all exposed engine parts. Wipe away any over-spray from painted surfaces and exterior surfaces with a wet cloth. Allow the degreaser to work for 15 minutes. Areas that have excessive soiling may require brushing to remove debris. Rinse the degreaser from the engine with a fine stream of water beginning from the top and working to the bottom. Remove the coverings from the distributor, carburetor, all electronic components and wiring and air intake systems. Start the engine. Allow the engine to idle for 15 minutes or until it is completely dry. *See product label for complete instructions.*

**Can Size:** 20 oz.

**Shipping Weight:** 12 lbs.

**UPC Number:** 0 41911 00399 5

**Fragrance:** Solvent

**Shelf Life:** 1 Year +

**Recyclable Packaging:** Yes

**Flammability:** Extremely Flammable

**24 HOUR MEDICAL EMERGENCY:** 1.866.836.8855

**Net Weight:** 15 oz.

**Packaged:** 12 cans per case

**Color:** Colorless

**Spray Pattern:** Forceful Stream

**Ozone Depleting Compounds:** None

**VOC Compliant:** Yes
