

PRODUCT TECHNICAL DATA SHEET

SW946 Silicone Spray

DESCRIPTION: No. 946 Silicone Spray is colorless, non-staining, waxless and heat stable; unaffected by temperatures ranging from -40°C (-40°F) to over 200°C (392°F). This friction reducer results in speedier clean-up of parts and equipment and increased production through cleaner job processing. It remains dry and is non-staining. No. 946 complies with FDA regulations applicable to the food packaging/food processing industry.

USES: Use as a lubricant, release agent, water repellent, protective coating and polish. For use on equipment such as: ovens, freezers, conveyors, belts and chutes. The No. 946 may be used on food processing equipment as a protective anti-rust film, as a release agent on gaskets or seals of tank closures and as a lubricant for machine parts and equipment in locations with exposure of the lubricated part to food.
